Before you are able to change the lawn mower oil on your Briggs & Stratton® small engine, it's important to understand the oil type and capacity required. The type of equipment you use, the engine within, and the temperature outside determines what type of oil to use, how much you need and the cost of the oil.

The description plate attached to the top of each Briggs & Stratton engine lists the model number and engine power. A Briggs & Stratton engine with a "CC" rating rather than a "HP" rating will vary a bit above or below the converted HP rating depending on how well tuned the engine is at the time of testing.
