Before She Met Me - Wikipedia

Before She Met Me is loaded with psychological intrigue, crisp,
sparkling dialogue and wily Machiavellian contortions. Barnes can
write men. I've read The Lemon Table and although I didn't enjoy it as
much as Before She Met Me, I did notice the author had an uncanny
ability to shove you into the male psyche until you literally felt in
need of a shave and a subscription to Maxim.

Before She Met Me is a book filled with the great British humor of Julian Barnes. It has its flaws, to be sure, but they are minor ones. One of the characters is truly reprehensible, but his appearances are so few and far between that I think his horrid behavior can easily be overlooked.
