Being Mortal's main focus is on how medicine and medical care has maybe skewed our perception on what it means to live. Does the quality of the life we have at the end often get overshadowed by a focus of extending our life -- even if this extension comes at the cost of stripping our final days of everything that gives meaning to a definition of "Life".

For most of human history, death was a common, ever-present possibility. It didn't matter whether you were five or fifty - every day was a roll of the dice. But now, as medical advances push the boundaries of survival further each year, we have become increasingly detached from the reality of being mortal.
