PLANI I BIZNESIT zakonisht projektton për një periudhë 3-5 vjeçare dhe përcakton rrugën që duhet të ndjekë një biznes për të arritur objektivat e përcaktuara. Një plan i detajuar është më rëndësi thelbësore dhe është mjeti kryesor që do t'ju ndihmojë të mendoni objektivist mbi faktorët që ndikojnë në biznesin tuaj dhe rrjedhimisht të merrni vendime të informuara ...

Libri trajton bazat e marketingut nga aspekti shkencor-Islam. Gjithashtu, trajton dhe definon të gjitha elementet bazë të marketingut në mënyrë shkencore. Thellimi, në trajtimin e elementeve, bëhet vetëm në identifikimin e tyre duke mos u zhytur në trajtimin në aspektin strategjikë-vendimmarrës. Përkrah trajtimit dhe definimit shkencor të elementeve bëhet edhe analiza e tyre dhe kthjellimi i tyre përmes argumenteve islame duke vënë në dritë ligjësimin Islam mbi to. Për më tepër, në këtë pikë thesari Islam jo vetëm që posedon fuqinë e vlerësimit të zhvillimeve shkencore, por edhe nxitë në zhvillime të mëtejme, të cilat gjithashtu sipas kapaciteti tonë studimorë, merren parasysh dhe trajtohen. Libri përqendrohet në trajtimin e tematikës në thellësinë e caktuar, ku merret parasysh korniza e bazave të marketingut, ashtu që të mund të kuptohet dhe aplikohet edhe nga lexuesit të cilët nuk kanë njohuri të shumta në sferën e marketingut.

From the former President and CEO of the United States Tennis Association—the first black woman and youngest person ever to hold the position—comes a behind-the-scenes look at the leadership skills involved in hosting the U.S. Open, the largest and most lucrative sports event in the world—lessons that can be applied across business and to any life challenge. One of professional tennis's Grand Slam Tournaments, the U.S. Open has been described as a fourteen-day Superbowl. This single tennis championship, held annually in New York City, attracts top professionals from around the globe, generates more money than any other sporting event—or any other sport over an entire season—and attracts more than 700,000 attendees and millions of television viewers. In *Own the Arena*, Katrina Adams offers a privileged, singular inside look at this sensational global event, while elaborating on what makes tennis the only sport of a lifetime. She opens with the women's 2018 championship match between Naomi Osaka and Serena Williams that ended in boos. This was Adams's last year as president and the whole world was watching. How would she respond? How should the press be handled? What needs to be said to Osaka? Serena? What does this break from decorum mean for the Open and the sport? As Adams shares a wealth of stories from her career and personal life, as well as insights from top tennis professionals, she provides invaluable information on meeting life's tests both on the tennis court and off. *Own the Arena* offers fresh perspectives on having presence, being remembered, directing a conversation, and moving boldly in spaces where "you are the only one." It also covers good sportsmanship—treating others with respect and by being inclusive and open to diverse perspectives. Tennis is said to be 90 percent mental; this book shows how to take the elements of mental fortitude and use them to achieve greatness. By embracing and expressing one's inner grace and humanity, Adams shows, you can own the arena.

ajo paraqet hulumtimin më aktual dhe kryesor në sigurinë dhe sigurinë e sistemit. Ju nuk duhet të jeni një ekspert kibernetik i sigurisë për të mbrojtur informacionin tuaj. You do not need to be a cyber-security expert to protect your information. There are people out there whose main job it is trying to steal personal and financial information.

This book has been written for experienced managers and students in postgraduate programs, such as MBA or specialized Masters programs. In a systematic yet concise manner, it addresses all major issues companies face when conducting business across national and cultural boundaries, including assessing and selecting the most promising overseas markets, evaluating market entry alternatives, examining the forces that drive adaptation versus standardization of the marketing mix. It looks at the various global marketing challenges from a strategic perspective and also addresses topics not usually found in international marketing texts, such as aligning marketing strategies with global organizational structures, managing the relationship between national subsidiaries, regional headquarters and global headquarters, as well as corporate social responsibility challenges, and pertinent future trends that are likely to affect global business.

This work offers business strategists an integrated five-phase model for setting and implementing strategy. The model provides executives with a powerful framework for assessing and tweaking current strategy, or charting a bold new strategic course.

Reaffirms the importance of the larger kinship network through analysis of extensive data on the clients of one social agency. The authors show that the less kinship-oriented caseworkers often attempt to change clients' kin relationships in the direction of less involvement, raising questions about value differences in therapeutic practice. The book also points to the importance of concepts, such as those dealing with family kinship, that will enable the caseworker to appraise the client's social relationships more fully. The authors emphasize the benefits to be derived from a closer liaison between social work and social science.
