Choosing a college is part science making sure they have the academic major or extracurricular activities of your choice in the location you like and with the opportunities you seek. But, choosing the “ right ” school for you is also very much an art.

~~How to Choose a College: A Complete Guide – College Raptor~~

Choosing a college near your hometown generally means you'll get lower tuition rates. According to the College Board, in-state residents attending a four-year public institution pay an average of \$9,410 in tuition and fees, whereas out-of-state students pay \$23,890. Private colleges do not consider residency status, charging all learners an average of \$32,410 per year.

~~Choosing The Right College: A Guide | SmartScholar~~

Unlike other college guides, which too often read like paraphrases of university public-relations brochures, *Choosing the Right College* is an independently researched and written volume that covers the things that matter most, such as core curricula, campus crime, student living arrangements, the quality of teaching and student advising, and freshman orientation. The ISI guide also provides specific advice on which professors to seek out—and which courses and departments to avoid.
