Now in its tenth edition, Contemporary Accounting: A Strategic Approach for Users is designed for one-semester introductory accounting courses at undergraduate or MBA level, for both accounting and non-accounting majors. The text has been updated throughout to strengthen the content for first-year students, and to integrate financial and management accounting. Associate Dean Phil Hancock (UWA) and Assistant Professor Peter Robinson (UWA) have worked together to add three new, online-only (MindTap) financial accounting chapters that bridge the gap between assumed and actual knowledge, and have redesigned the pedagogical features to make the text friendlier to first-year learners. It has also been appropriately updated for currency, including an extract from the Annual Report of Woolworths Limited for the year ending 30 June 2018 as an appendix. Premium online teaching and learning tools are available on the MindTap platform. Learn more about the online tools cengage.com.au/mindtap

This book serves as a guide to strategic management accounting. It introduces new and useful concepts on how to collect, analyse, and evaluate options to enable managers to steer corporate directions and write strategic plans for the long-term success of the corporation. Starting with basic techniques and the latest strategic management approaches, the book then presents cases that show the techniques employed step by step. By demonstrating how easily the ideas can be translated into action, it is a valuable resource for business practitioners, as well as for students taking advanced management accounting courses.

Developed for an Australian and New Zealand audience, Management Accounting 9e explains the contemporary role of management accounting. It takes a broad perspective in viewing management accounting as the efficient and effective use of resources, demonstrating how it creates and enhances value for customers and shareholders, as well as the wider aspects of business. The text has been developed using cases based on real Australian and international businesses, and includes numerous 'Real Life' illustrations of current management accounting practices. In keeping with the need to be industry focused, the new edition includes coverage of key contemporary topics including data analytics, big data and business ethics. Highlights include: Coverage of contemporary topics including data analytics, big data and business ethics; Real Life cases that reflect the growing global nature of business and Australia's role in our region; End of Chapter exercises and problems including algorithmic questions; and comprehensive Instructor Resource Manual.
