The classic devotional, updated with page after page of full-color photographs and a fresh, new design! Most Christians have heard that God is the potter and we are the clay, but Diana Pavlac Glyer, who has spent countless hours at the potter's wheel, shows in this remarkable book that this is far more than a casual metaphor. As God hovers over His creation, centering us or shaping us or even restoring us from collapse, He may transform us in ways we never imagined. "In one hundred pages, Diana Glyer offers her readers fifteen marvelous chapters for reflection and more. You can feel her love of pottery and join her as she tells the story of creating something beautiful. Each chapter of 'Clay in the Potter's Hands' offers the reader an opportunity to accompany the potter at work. The author gently and easily moves from the potter's wheel to texts from the Bible that offer examples of each stage of development of the artist's work. These are accompanied by marvelous insights and questions for the reader to consider; then each chapter concludes with a prayer that brings the entire segment together." Father John Chandler, S.J., Honolulu, Hawaii "This is a really good book! It manages to combine depth and simplicity, which is rare, but I think it is the way it treats our experience of pain and broken-ness which really sets it apart. The chapters on Returning, Repairing and Redeeming were especially moving and significant for me. This book is going to be so helpful to so many people!" Malcolm Guite, Priest, Poet, Chaplain at Girton College, Cambridge, England

Despite the fact that the Christian tradition is prevalent, if not dominant, throughout much of the Western world, there remains a considerable amount of confusion and debate over the actual doctrines that feature in this belief system. In this volume, *The Great Doctrines of the Bible*, author William Evans identifies and explains some of the most important doctrinal and dogmatic tenets of the Christian faith.

Mission is not the ultimate goal of the church. Worship is. Missions exist because worship doesn't. Worship is ultimate.' John Piper's contemporary classic draws on key biblical texts to demonstrate that worship is the ultimate goal of the church and that proper worship fuels missionary outreach. Piper offers a biblical defence of God's supremacy in all things, providing a sound theological foundation for missions. He examines whether Jesus is the only way to salvation and issues a passionate plea for God-centredness in the missionary enterprise, seeking to define the scope of the task and the means for reaching 'all nations'. Let the Nations Be Glad! is a trusted resource for missionaries, pastors, church leaders, youth workers, seminary students, and all who want to connect their labours to God's global purposes. This third edition has been revised and expanded throughout and includes new material on the 'prosperity gospel'.

Winner of a 2004 ECPA Gold Medallion Award! Winner of an Award of Excellence in the 2003 Chicago Book Clinic! What is real? What is truth? What can we know? What should we believe? What should we do and why? Is there a God? Can we know him? Do Christian doctrines make sense? Can we believe in God in the face of evil? These are fundamental questions that any thinking person wants answers to. These are questions that philosophy addresses. And the answers we give to these kinds of questions serve as the the foundation stones for constructing any kind of worldview. In Philosophical Foundations for a Christian Worldview J.P. Moreland and William Lane Craig offer a comprehensive introduction to philosophy from a Christian perspective. In their broad sweep they seek to introduce readers to the principal subdisciplines of philosophy, including epistemology, metaphysics, philosophy of science, ethics and philosophy of religion. They do so with characteristic clarity and incisiveness. Arguments are clearly outlined, and rival theories are presented with fairness and accuracy. Philosophy, they contend, aids Christians in the tasks of apologetics, polemics and systematic theology. It reflects our having been made in the image of God, helps us to extend biblical teaching into areas not expressly addressed in Scripture, facilitates the spiritual discipline of study, enhances the boldness and self-image of the Christian community, and is requisite to the essential task of integrating faith and learning. Here is a lively and

thorough introduction to philosophy for all who want to know reality.

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."
