There are several

advantages of high

performance concrete

Read PDF  
Design And  
(HPC) application in  
building construction  
which are not  
achievable using  
conventional concrete.  
The strength, durability,  
resistance to chemical  
attack, and workability  
of high performance  
concrete are high. So,  
high performance  
concrete is superior to  
ordinary concrete in all  
properties.

your construction Of  
industry knowledge.  
Construction projects  
are a balance between  
cost, time and quality. It  
is possible to have high  
quality and low cost, but  
at the expense of time,  
and conversely to have  
high quality and a fast  
project, but at a cost. If  
both time and money  
are restricted, then  
quality is likely to
