The kitchen is the heart of the home, the ideal place to enjoy a quiet cup of coffee, an informal gathering, or an intimate conversation. It is also a complex organism in which numerous independent systems must work in harmony to minimize the energy required to prepare meals and clean up afterwards. Few rooms see so much activity; fewer still challenge designers with such an array of practical, technological, and esthetic considerations. The successful kitchen designer creates a warm, pleasant atmosphere while solving problems of storage capacity, accessibility, functionality, ventilation, lighting, safety, and durability. For many years the National Kitchen & Bath Association has conducted a prestigious education program for kitchen designers. The Essential Kitchen Design Guide, condensed from the NKBA's own six-volume manual, is an invaluable sourcebook and technical guide for kitchen planning and design. It offers an established set of kitchen-planning guidelines—accepted as the norm for the industry—and provides authoritative presentations on every kitchen mechanical system, design issue, and planning principle, as well as appliances, fixtures, and other equipment. Hundreds of design details, descriptive technical photos, and useful checklists help you make the most of all the information provided. Reliable data, proven techniques, and helpful tips prepare you to tackle every aspect of kitchen design, including Electrical systems, lighting, and plumbing Fixtures and appliances Cabinetry, floor coverings, counter tops, and other equipment and materials Drawing and presentation standards for the kitchen professional Cost estimating Space planning Kitchen-related building codes And more The Essential Kitchen Design Guide is an indispensable tool and an essential addition to the professional libraries of architects, interior designers, and anyone interested in pursuing the finest in kitchen design. From the organization whose name is synonymous with the highest standards in kitchen and bath design—the kitchen design guide no professional should be without!

NEW YORK TIMES BESTSELLER □ What might have been? That tantalizing question propels a woman on a cross-country adventure to reunite with the men she loved and let go, in Danielle Steel's exhilarating new novel. It all starts with a fall from a ladder, in a firehouse in New York City. The firehouse has been converted into a unique Manhattan home and studio where renowned photographer Madison Allen works and lives after raising three children on her own. But the accident, which happens while Maddie is sorting through long-forgotten personal mementos and photos, results in more than a broken ankle. It changes her life. Spurred by old memories, the forced pause in her demanding schedule, and an argument with her

daughter that leads to a rare crisis of confidence, Maddie embarks on a road trip. She hopes to answer questions about the men she loved and might have married—but didn't—in the years after she was left alone with three young children. Wearing a cast and driving a rented SUV, she sets off to reconnect with three very different men—one in Boston, one in Chicago, and another in Wyoming—to know once and for all if the decisions she made long ago were the right ones. Before moving forward into the future, she is compelled to confront the past. As the miles and days pass, and with each new encounter, Maddie's life comes into clearer focus and a new future takes shape. A deeply felt story about love, motherhood, family, and fate, *Lost and Found* is an irresistible new novel from America's most dynamic storyteller.

Includes readers' extras and a page of stickers.

The most comprehensive guide to material selection & installation It takes a wise choice of building materials and details to create durable, attractive, and affordable custom homes and remodeling projects. *Best Practices Guide to Residential Construction* provides up-to-date, field-tested recommendations that help professionals balance cost and performance when designing and building residential projects. Steven Bliss, former editorial director of *The Journal of Light Construction* and founding editor of *Progressive Builder*, draws on his extensive knowledge as a practicing builder, designer, and construction editor to help building professionals select the right materials for every job and install them with confidence. This one-stop resource covers the real-world challenges of material selection and installation so designers, contractors, and building owners can make informed decisions for all major building components. Useful to architects, designers, and specifiers--as well as contractors, builders, and developers--*Best Practices Guide to Residential Construction* features: * More than 200 photos and illustrations of critical residential construction details * Installation tips and cautions that help prevent costly product failures * Descriptions of the latest composites and synthetics that are changing the way we build * Easy-to-use charts for making quick product comparisons * An authoritative guide to indoor air quality and healthy house construction

More than 1 million viewers in Canada watch Mike Holmes' television show, *Holmes on Homes*, every week. Thousands more see him at his personal appearances and visit his website, looking for advice on reno-gone-wrong. Mike Holmes is Canada's most trusted contractor, a crusader with a mission to expose botched renovations--and now the author of a bestselling book that has shipped over 60,000 copies in its hardcover edition. Mike has taken his professional expertise and tell-it-like-it-is style and turned it into the guide no homeowner should be without. *Make It Right* walks readers through a renovation from start to finish, from the process of finding a reliable contractor to understanding the legalities of renovation. Mike explains the inner workings of a house, covers the most popular reno projects and describes the most common pitfalls. Packed with informative sidebars, checklists, diagrams and photographs, all showing what to expect from contractors and tradespeople, and how to keep every reno running on time and on budget, *Make It Right* is the book you need to read before you plan a renovation. Be smart. Take charge. Get it right the first time.

Connor's parents want to be rid of him because he's a troublemaker. Risa has no parents and is being unwound to cut orphanage costs. Lev's unwinding has been planned since his birth as part of his family's strict religion. Brought together by chance, and kept together through desperation, these three unlikely companions make a harrowing cross-country journey, knowing all the while that their lives are hanging in the balance. If they can survive until their eighteenth birthdays, they can't be harmed. But when every piece of them, from their hands to their hearts, are wanted by a world gone mad, eighteen seems far, far away... "Gripping, brilliantly imagined futuristic thriller... The issues raised could not be more provocative - the sanctity of life, the meaning of being human - while the delivery could hardly be more engrossing or better aimed to teens." Publishers Weekly, starred review "A thought-provoking, well-paced read that will appeal widely" School Library Journal, starred review "A breathless tale turning pages for teenage boys, as it challenges not just where life begins and ends, but what it means to be alive." Educ8 magazine "a powerful, shocking, and intelligent novel... It's wonderful, wonderful stuff." thebookbag.co.uk "This is the kind of rare book that makes the hairs on your neck rise up. It is written with a sense of drama that should get it instantly snapped up for film." The Times

"Citizenship in a Republic" by Theodore Roosevelt. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

A supportive, engaging, highly informative, and cleverly illustrated book for children from preschool through elementary age. Children will appreciate the respectful tone and amusing illustrations. A must-read for preschool and elementary teachers and family therapists, too! Readers will learn what really causes most accidents: a clogged colon, which presses on and irritates the bladder. The book urges families not wait around for children to outgrow accidents or bedwetting and explains how to make the troubles stop for good.

This edition offers true tales of these take-charge princesses plus dozens more in a fascinating read that's perfect for history buffs, feminists, and anyone seeking a different kind of bedtime story. You think you know her story. You've read the Brothers Grimm, you've watched the Disney cartoons, and you cheered as these virtuous women lived happily ever after. But real princesses didn't always get happy endings. Sure, plenty were graceful and benevolent leaders, but just as many were ruthless in their quest for power, and all of them had skeletons rattling in their majestic closets. Princess Stephanie von Hohenlohe was a Nazi spy. Empress Elisabeth of the Austro-Hungarian Empire slept wearing a mask of raw veal. Princess Olga of Kiev slaughtered her way to sainthood. And Princess Lakshmbai waged war on the battlefield with her toddler strapped to her back.
