Earth Fall: Invasion: (Book One): Volume 1: Amazon.co.uk...

Earth Fall is a classis Science Fiction with a mix of earth technology and the future. A well thought out story that has the potential to be another great series like the Slaver Wars. The main characters are developed early in the plot but their final part in the book is not determined until well into the book.

Earth Fall: Invasion : (Book One) eBook: Weil, Raymond L...

Earth Fall: Invasion reminds me of The Matrix trilogy: the beginning was fun, but flaws in execution damage the experience. So. The beginning. Really enjoyed it. Most stories of this type have the human race beating back an impossible enemy with clever tricks and raw tenacity.

[EPUB] Earth Fall Invasion One

An adventure book for 11-12 years old readers. The Earth has fallen to an alien invasion that has enslaved most of the population using mind control. The only resistance being from a group of teenage children. The action gallops along well enough. There is maybe not enough depth to the plot and characters for an adult audience.

Earthfall (Earthfall, #1) by Mark Walden

Earth Fall Invasion: (Book One) - Amazon.co.uk

From USA Today Bestselling author of The Slaver Wars comes a new military science fiction series.The Trellixian Empire was constantly expanding, seeking new worlds for their ever-increasing population. If worlds were discovered with existing sentient populations, they were cleansed to make room for colonization. Hundreds of budding civilizations had been eliminated by Trellixian battle fleets.On Earth years in the past, a scout ship fleeing from the Trellixians crashed. Scientists investigating the wreckage discovered what the Trellixians had done to the world the scout ship escaped from. They also discovered it was only a matter of time before the Trellixians reached Earth.A daring plan was implemented involving the major world powers. They would prepare in secret for the coming of the alien invaders. The only question was, how could one world resist a galactic empire?

Sam awakens to see strange vessels gathered in the skies around London. As he stares up, people stream past, walking silently toward the enormous ships, which emit a persistent noise. Only Sam seems immune to the signal. Six months later, he is absolutely alone.

Earthfall, the fourth volume in Orson Scott Card's space opera Homecoming series The Oversoul of the colony planet Harmony selected the family of Weitchik to carry it back to long-lost Earth. Now grown to a tribe in the years of their journey to Harmony's hidden starport, they are ready at last to take a ship to the stars. But from the beginning there has been bitter dispute between Nafai and Elemak, Wetchick's youngest son and his oldest. On board the starship Bailica, the children of the tribe will become pawns in the struggle. Two factions are each making secret plans to awaken the children, and themselves, early from the cold-sleep capsules in which they will pass the long decades of the journey. Each side hopes to gain years of influence on the minds of the children, winning their loyalty in the struggle for control of reclaimed Earth. But the Oversoul is truly in control of this journey. It has downloaded a complete copy of itself to the Ship's computers. And only Nafai, who wears the Cloak of the Starmaster by the Oversoul's command, really understand what this will mean to all their plans for the future. Homecoming series The Memory of Earth The Call of Earth The Ships of Earth Earthfall Earthborn At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The struggle for human survival continues following an alien invasion of Earth in this second book in the Earthfall trilogy, from the author of the H.I.V.E. series. After the harrowing events of Earthfall, twelve-year-old Sam and his fellow resistance members meet an enigmatic man named Mason who is slowly building an army to fight back against the invaders, the Voidborn. Sam and the others join Mason and his soldiers on a mission to disable Voidborn technology in Tokyo. But Sam soon discovers that Mason has an agenda beyond what he has already admitted: He isn't content just to destroy the Voidborn's machines; he plans to destroy the Voidborn once and for all with a plan that will cost the lives of millions of innocent people. But something is coming, something even worse than the Voidborn. Something very old and very evil. Something that might mean the end for them all.

Star Wars meets Jurassic Park as dinosaurs return to earth from space. Now humans are the endangered species! Wildlife biologist Chase Armstrong and Montana rancher's daughter Kit Daniels find themselves in the center of a battle between US military forces and intelligent dinosaurs returning to earth after 65 million years in space. Fighting for their lives and the future of humanity, Kit and Chase may find love-if they live long enough! Great adventure reading for all ages and both genders.

The aliens came. No weapons could affect them. They kidnapped almost everyone. Then the rather unlikely savior Dean the accountant takes off with Carey, his kidnapped-by-aliens neighbor's dog, on a mission to save the world and humanity. An unexpectedly great read, the book is a maze of conspiracies, counter conspiracies, and betrayal. Just when you think you've got most of it figured out, another level of complexity appears. Starts a little bit slowly, giving you a chance to get to know our hero. Stick with it and you'll be happy you did. Dean's wife is dead. Her last words: When the ships come...wear the necklace. Then the ships arrived. Cities all around the world reported strange alien vessels descending. Some saw them as the heralds of a new age; others fired everything they had at them. All were taken as the beams lashed down and drew them into the sky. Dean was left behind, seemingly the last man on Earth. A trail of clues left by his dead wife guide Dean on a perilous journey across America and beyond, to learn the truth behind the mysterious ships and save humanity from their doom. But not everything is as it seems.

Depicts a world where humanity has been conquered by oppressive alien forces and where a group of increasingly powerful young rebels is assisted by an alien ruler's daughter, who risks her life after falling in love with a human.

WHEN OUR WORLD ENDED, THEIR MISSION BEGAN The Sixty Minute War brought humanity to the brink of annihilation. Billions perished. The planet Earth was turned into a virtual graveyard, with the shattered, burned-out skeletons of great cities serving as tombstones marking Mankind's demise. But in the United States, one final outpost remains. Ten years have passed, and Harmony Base, a subterranean U.S. Army installation that survived the nuclear inferno, has yet to receive any response to its continual radio transmissions. Long-range surface reconnaissance missions fail to locate any other survivors. Harmony's personnel, a mix of military and civilian specialists, wonder if they are the only living beings left on the planet. Earthquake damage to the base's vital power plant necessitates a different type of mission: the retrieval of spare parts from a storage depot in San Jose, 1,600 miles distant. Captain Mike Andrews and his crew set out across a Giger-inspired landscape blighted by lightning storms and deadly hazards that could swallow their all-terrain vehicles whole. The last thing Andrews expects to encounter in the nuked ruins of San Jose are survivors led by a twisted freak with mental powers off the scale... Harmony is America's last chance to rise up from the ashes of the nuclear holocaust and help restore civilization. But only if Andrews and his crew can escape San Jose...and the madman who calls himself The Law.

In this "spectacularly smart space opera" (Publishers Weekly, starred review) set in the same universe as the critically acclaimed White Space series and perfect for fans of Karen Traviss and Ada Hoffman, a space station begins to unravel when a routine search and rescue mission returns after going dangerously awry. Meet Doctor Jens. She hasn't had a decent cup of coffee in fifteen years. Her workday begins when she jumps out of perfectly good space ships and continues with developing treatments for sick alien species she's never seen before. She loves her life. Even without the coffee. But Dr. Jens is about to discover an astonishing mystery: two ships, once ancient and one new, locked in a deadly embrace. The crew is suffering from an unknown ailment and the shipmind is trapped in an inadequate body, much of her memory pared away. Unfortunately, Dr. Jens can't resist a mystery and she begins doing some digging. She has no idea that she's about to discover horrifying and life-changing truths. Written in Elizabeth Bear's signature "rollicking, suspenseful, and sentimental" (Publishers Weekly) style, Machine is a fresh and electrifying space opera that you won't be able to put down.

From the author of The Slaver Wars comes a new military science fiction series. To the Kleese, the Earth is nothing more than a planet full of conscripts to fight in their numerous wars of aggression. The Kleese are one of three large Galactic Empires that control the majority of the galaxy. To them, Earth is an extremely dangerous planet due to the aggressiveness of the humanoid species that inhabits it. The humans that inhabit Earth will make excellent conscripts, but something must be done to prevent them from expanding out into the galaxy. To the Kleese the solution is simple, take the conscripts they need and then destroy the planet.Mason Randle controls the Smithfield Mining Corporation. His main headquarters is inside the asteroid Vesta. The Kleese know nothing about what resides inside of the asteroid and the role it will play in saving the human race. Lieutenant Wade Nelson is a marine taken as a conscript by the Kleese. His primary goal is to find a way back to Earth. In the meantime, he will fight in the wars the Kleese are involved in until he knows enough to take the fight to the Kleese themselves. He will bid his time in the hope that someday he will find a way back home for himself and his marines.
