Master the ins and outs of the criminal justice system with ESSENTIALS OF CRIMINAL JUSTICE, 8E, International Edition. With its cutting-edge high-profile cases, current research, detailed career information, and unique myth-busting theme, this bestseller equips you with a solid understanding of the modern criminal justice system.

One of the few bestselling introductory criminal justice texts written by professors who actively teach the course to large numbers of undergraduates each year, INTRODUCTION TO CRIMINAL JUSTICE is uniquely attuned to the needs of today's students and instructors. Now in its fifteenth edition and known for its authoritative, solidly researched content, Siegel and Worrall's text delivers comprehensive, cutting-edge coverage of criminal justice. Extremely student friendly, the text's balanced and objective presentation is packed with provocative real-world examples and the latest developments from the field. Crisp writing, complemented by vivid illustrations, deftly guides readers through the intricate workings of the police, courts, and correctional systems; the concepts and processes of justice; and key policy issues. The book also includes an emphasis on today's criminal justice careers, offering insights from numerous professionals on the rewards and realities of their jobs. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This guide includes a variety of pedagogical aids to help you master the course material, whatever your learning style. You'll find learning objectives, chapter outlines and summaries, definitions of major terms and figures, and self-tests--featuring questions correlated to the learning objectives, and answers so you can gauge your understanding.

Siegel's bestselling brief introduction to the criminal justice system provides students with thorough, objective coverage of all the latest research in the field, cutting-edge topical and case discussions, and the richest examination of career options ever. The Seventh Edition is ideal for those who want the proven reliability of Siegel's authorship in a shorter, paperback presentation. This brief text is perfectly tailored to meet the needs of today's students with the help of integrated learning objectives, plentiful visuals, and a unique new RealityCheck theme designed to disabuse students of the incorrect notions, perceptions, and biases they bring to the class as a result of what they see on television or the Internet. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Student-centric and informative without being encyclopedic, the revised Second Edition of Introduction to Criminal Justice: The Essentials, focuses seamlessly on key topics without digression. Drawing from deep wells of teaching experience, this author team has created the text that they've always wanted for their own classes. Students will be able to understand the material intuitively, while still being challenged to think, read, and write critically. New to the Second Edition: New critical thinking questions at the end of every chapter that challenge students to do more than look for the "right answer" Updated crime figures and other criminal justice-related statistics New boxed inserts throughout the text, including discussion of what happens when crime-fighting theory fails to deliver in practice and an examination of recent challenges to the FBI's image New coverage of the role of the law enforcement academy in the standardization of policing training and practices New material on Technology and Law Enforcement that details the strengths and weaknesses associated with the use of conducted energy devices (i.e., Tasers) and body-worn cameras Updated and expanded look at police misconduct, including arrest-related citizen deaths Professors and students will benefit from: In-depth coverage of key topics that focuses on what students need to understand without extraneous coverage Seamless exposition and format Text boxes, tables, and other visual aids that convey information with perfect economy Critical reading, thinking, and writing tools built right into the text

Crime Scene Management is an accessible introduction to the common forms of evidence that may be encountered at a scene of crime and the techniques used for recovery of that evidence. The book is clearly focused on the techniques for handling crime scenes from the role of the first officer attending through to the specialist personnel who may be called to deal with specific evidence types. Clearly structured to enhance student understanding, methods covered include, DNA-rich samples, fingerprints, toolmarks and footwear impressions. Later chapters move on to consider examples of specialised scenes such as arson and vehicle crime. The content of each chapter can be tested with self-assessment questions to reinforce student understanding. Written for undergraduate students studying forensic science courses, Crime Scene Management will also be of interest to scene of crime officers, police officers and legal professionals as well as students taking courses in criminalistics and law. Focuses on the crime scene and on the science underpinning the gathering of evidence at the scene Written in conjunction with experienced practitioners Supplementary website to include figures from the book and further references Suitable for delivery in a modular course. Chapters written by a team consisting of experts and academics to ensure an accessible and well-informed text.
