Our study guide is streamlined and concept-driven - not filled with excess junk, silly attempts at humor, or confusing filler - so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package.

Practice questions for all concepts. Tips from EXPLORE experts. Real test secrets revealed. The EXPLORE exam by ACT essentially follows the same format as its big brother, the ACT, which you will take in high school. But this exam is smaller -- it does not contain an essay section, and the material tested covers subjects only through the 8th grade level.

EXPLORE Exam Practice Questions are the simplest way to prepare for the EXPLORE test. Practice is an essential part of preparing for a test and improving a test taker's chance of success. The best way to practice taking a test is by going through lots of practice test questions. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our EXPLORE Exam Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to practice. Repetition is a key to success and using practice test questions allows you to reinforce your strengths and improve your weaknesses. Detailed answer explanations are also included for each question. It may sound obvious, but you have to know which questions you missed (and more importantly why you missed them) to be able to avoid making the same mistakes again when you take the real test. That's why our EXPLORE Exam Practice Questions include answer keys with detailed answer explanations. These in-depth answer explanations will allow you to better understand any questions that were difficult for you or that you needed more help to understand.
