(High School) Hailed as a stellar educational resource for nearly a century, Magruder's American Government is updated annually to meet the changing needs of today's high school students and teachers. The program's engaging narrative is enhanced with numerous primary sources, political cartoons, charts, graphs, and photos, making the structure and principals of government accessible and motivating to students of all abilities.

Show Students How Geography Affects Their Lives.

Help kids get the most out of independent reading with these trifold "bookmarks" for 40 chapter books. Each trifold is divided into manageable reading assignments, which are linked to an appropriate reading strategy--such as visualizing, predicting, or making inferences. Literature-response and comprehension questions then reinforce the strategy. They are a snap to use and will save teachers hours of preparation! Targeting guided reading levels K-Q, there are bookmarks for Freckle Juice, 26 Fairmount Avenue, and The Hundred Dresses, as well as the first books from several series including My America, The Magic Treehouse, Cam Jansen, and Jigsaw Jones. Targets guided reading levels K-Q. Supports Common Core State Standards

Flat Stanley and Arthur are excited to go ice-skating on the frozen lake. But when the weather suddenly warms up, Stanley finds himself skating on thin ice! Beginning readers will love following along with Flat Stanley's winter adventure. Flat Stanly: On Ice is a Level Two I Can Read book, geared for kids who read on their own but still need a little help.

Catch this action-packed adventure about Ash, Pikachu, and their friends! This chapter book features classic characters featured on Netflix and in Pokémon Go!. Team Rocket is rounding up Pokémon in the Johto region! They can't wait to get their greedy hands on Ledyba, Hoppip, and Wooper. It's up to Ash to protect these Pokémon -- or so he thinks. These Pokémon have a plan of their own... This chapter book is based on a thrilling storyline from the top-rated animated series now on Netflix. Black-and-white illustrations throughout.

When the class visits the Hugh Mann Costume Company, they get an informative lesson about the importance of the human skeleton and the various purposes different bones of the body serve. Original.

"This capstone focuses on best practices for guided reading instruction for students in grades K-2. Some examples in this book come from a Spanish Immersion elementary school, and the book is made to be a resource for all teachers. The curriculum included is meant to be a guide for early career teachers who desire extra guidance for their literacy block and guided reading instruction. The capstone begins with a personal overview of the author's experiences with literacy. Next, Chapter Two provides an extensive literature review of best practices for a balanced literacy block, reading instruction and guided reading. Later, in Chapter Three, the author discusses her setting, participants and procedures. Chapter Four contains a curriculum of guided reading lesson plans for emergent and early readers. Finally, Chapter Five contains the author's reflection, implications and limitations of the study." --

For over 80 years, the National Society of Professional Engineers (NSPE) has been a leader in the promotion of ethical practice within the field of engineering. One of the Society's greatest contributions is the formation and adoption of the NSPE Code of Ethics. But the code, with its six "Fundamental Canons," is only truly instructive if engineers can bridge the gap between principles and action. Here there is no substitute for personal reflection on the ethical and philosophical issues that underlie the code. If done well, such reflection provides an indispensable basis for moral problem solving. Beyond the Code: A Philosophical Guide to Engineering Ethics is designed to complement the NSPE Code of Ethics by helping readers "go beyond" in their understanding of the philosophical issues bound up in the code. Each chapter addresses one of the Fundamental Canons of the NSPE code, and provides a philosophical analysis of the various parts of each canon by employing contemporary and classical texts. This unique approach to engineering ethics guides students and professionals in their readings of the appended selections to refine their understanding of the code in order to apply it to the practical challenges of today's engineers. Key Features: Is the first introduction to engineering ethics that helps students understand and apply the NSPE Code of Ethics to engineering practice Includes a Preface from Arthur E. Schwartz, NSPE Deputy Executive Director and General Counsel, and NAFE Executive Director As a hybrid text, includes primary philosophical texts with extensive introductions and guided reading questions from the book's three authors Offers case studies from the NSPE Board of Ethical Review, allowing students to see a direct connection between the issues discussed in the text and real-world engineering practice Includes the following pedagogical aids: "Key Terms and Concepts" for each chapter "Preparing to Read" sections before each primary source reading "Guided Reading Questions" after each primary source reading "Going Beyond-Our Questions for a Deep Dive" after each case study.

While on their way to Weatheram Amusement Park to attend the Wild Weather Show, Ms. Frizzle and her class get a first-hand lesson in the forces of nature as they fly directly into the heart of a powerful tornado. Original.

Hi-Lo Chapter Books for Children. This series of short novels was designed to engage a broad spectrum of struggling readers. No longer will upper-elementary students have to read material junior to their maturity and interests. Characters are age appropriate and come from diverse cultures and backgrounds. Science fiction, sports, paranormal, realistic life, historical fiction, and fantasy are just a few of the many genres. Books are no higher than a 1.5 reading level, with illustrations on every spread that support visual literacy and draw kids into the text. Kemba feels like the lamest kid in school. If only he could be cool like the computer game superhero Underdog. But he can't even save himself from the biggest bully in the sixth grade, let alone protect the weakest of the weak like Underdog does. He has zero friends. Or so he thinks. Kemba hasn't even had the courage to try until one act of cruelty pushes him over the edge.
