How to Think About Weird Things: Critical Thinking for a ...  
Don't pay attention to what others think. If you're concerned with  
your image, being weird will not come easy. You need to abandon  
what others expect of you and only think about what feels right to  
you. Your reputation does not matter – you are an oddball now.  
Whether you're an oddball or not, it shouldn't matter what others  
think.

This brief, affordable text helps students to think critically, using examples from the weird claims and beliefs that abound in our culture to demonstrate the sound evaluation of any claim. It explains step-by-step how to sort through reasons, evaluate evidence, and tell when a claim (no matter how strange) is likely to be true.

Your first, mandatory step for controlling these weird thoughts is to accept them. You need to allow yourself to have those thoughts without worrying about what they mean, if you can control them, or what they say about you. Accept that your thoughts are caused by your anxiety, and they don't mean anything.
