**Getting started with IEEE referencing - IEEE Referencing**  
IEEE is a numbered style with two components: In-Text Citations: Sources used are numbered in square brackets (e.g. [1]) in their order of appearance, within the body of work. Reference List: Full references that include detailed information about the sources cited and used are listed at the end of the work. The reference list is numbered, and follows the same order as they are cited in-text (i.e. in order of appearance, not alphabetical order).
