Gather the clues the police overlooked? Put together the pieces? Identify the suspect? Journalist Billy Jensen spent fifteen years investigating unsolved murders, fighting for the families of victims. Every story he wrote had one thing in common—they didn't have an ending. The killer was still out there. But after the sudden death of a friend, crime writer and author of I'll Be Gone in the Dark, Michelle McNamara, Billy became fed up. From John Edgar Wideman, "a master [who] boldly subverts what a short story can be " (Publishers Weekly) comes a stunning story collection that spans a range of topics from Michael Jordan to Emmett Till, from childhood memories to the final day in a prison cell. Forty years after John Edgar Wideman ' s first collection of stories was published, he continues to produce new stories of the highest caliber and relevancy. Here, in his sixth story collection, he revisits themes that have infused his work for the duration of his career: family, loss, the penal system, Pittsburgh, physical and emotional life, art, and memory. Stories include " Separation, " which begins with a boy standing alone beside his grandfather ' s coffin, progressing to a scene with the narrator ' s grandmother paying the funeral director weekly installments for the price of the casket. " Arizona, " which appeared in The New Yorker, is written in the form of a letter to singer Freddie Jackson, whose song " You Are My Lady, " enters the story through a car radio—a car that conveys the narrator ' s son and his lawyers to a prison cell in Arizona. " Atlanta Murders " contemplates James Baldwin ' s Evidence of Things Not Seen, written about the Atlanta child murders from 1979 to 1981, beginning with a riff on a " why-did-the-chicken-cross-the-road " joke that takes a dark turn. Never satisfied to simply tell a story—with writing that is " layered and interwoven...understanding that perspective is various, varied " (The New Statesman)—Wideman continues to push form, with stories within stories, sentences that rise like a jazz solo with every connecting clause, voices that reflect who he is and where he ' s from, and an exploration of time that entangles past and present. Whether historical or contemporary, intimate or expansive, the stories here represent the most recent work of a treasured American writer whose innovation, imagination, and intellect " prove his continued vitality...with vigor and soul " (Entertainment Weekly).

This book is based on the actual case of the East Area Rapist, later also known as the Original Night Stalker, a masked man who terrorized California communities for ten years; 1976 through 1986, and possibly to this day. Because I was not involved in the initial rape investigations, they are written from hundreds of reports, notes, memos, newspaper clippings, conversations and interviews with those who were involved. The crimes are factual. The crimes are real. While all characters and events have direct counterparts in the telling of the story, I have created some dialogue in the interest of readability. The cops in the initial rapes are not factual, their actions are. Their names and descriptions are completely fictitious. The names of the victims, witnesses and suspects are fictitious; the terror, the dialogue during the crimes, and the investigations are real. The cops involved in the cases after I was involved are real, their names and dialogue is factual, the investigations are real. The pain and terror may have diminished in the minds of the victims, I hope that the pain does not return. My intent is to tell the story without endangering the privacy or the dignity of the victims. They have suffered enough.

A significant book about one girl's struggle with suicide. Daelyn is fifteen years old, and in her mind she is a failure. She tried slitting her wrists, and she was rescued. She tried swallowing chemicals, and after burning through her esophagus enough to lose the ability to speak, she was rescued. But this time will be different. As readers see Daelyn's touching friendship with a quirky seventeen year-old boy develop and her newfound willingness to share all of the pain she has held inside of her, they may just see a glimmer of hope. Will Daelyn see it though? Raw and heartfelt, this is an inside look into the mind of a teen who has lost the will to fight and the parents that will do anything they can to help her survive. Still, there are some things that even loving parents can't protect you from--yourself. Please note that due to the sensitive nature of the material in this book, we will be providing back matter from key experts. We hope that this book will help to open a dialogue about this increasingly prevalent issue.

It reveals the musical and personal journey of Michael Rudd a national treasure, even though he's a New Zealander! The book traces Rudd's musical origins leading Chants R&B, a quirky counter-cultural phenomenon of a band from Christchurch and follows him as he moves to Melbourne in the mid-1960's to become an integral member of two Ross Wilson led avant-garde outfits, Party Machine and Sons of the Vegetal Mother. In 1969 Rudd then formed what would become Australia's premier progressive/expressionist band, Spectrum. The book describes the political, social and artistic context in which Rudd led Spectrum for the next four years. This was an era when Dylan wrote symbolist lyrics such as those of Sad Eyed Lady of the Lowlands, The Beatles were using horns and harps, harmonica quartets, assorted animal noises and a 91-piece orchestra on their recordings and Pink Floyd's 1970 Atom Earth Mother LP presented side 1 as a suite, almost a symphony. Politically in Australia hundreds of thousands of young people all over the country were marching in the streets of our capital cities in protest of Australia's involvement in the Vietnam War and capitalism was under the microscope, with many young people challenging it's social and sexual inequalities, rampant materialism and environmental destruction. It was in this tumultuous context that Mike Rudd wrote his seminal song I'll Be Gone, a song that rejects the overriding materialist paradigm and describes an alternate life that embraces simplicity and freedom. It's a beautiful song that encouraged a generation of young people to embrace a spirit of hope over violence, naturalism over avarice and freedom over servitude.

THE INSTANT NEW YORK TIMES BESTSELLER 'It ' s a mark of the highest honor when I say it ' s even more riveting than an episode of 'Dateline!' " —The New York Times From Paul Holes, the detective who found the Golden State Killer, Unmasked is a memoir that "grabs its reader in a stranglehold and proves more fascinating than fiction and darker than any noir narrative." (LA Magazine) I order another bourbon, neat. This is the drink that will flip the switch. I don ' t even know how I got here, to this place, to this point. Something is happening to me lately. I ' m drinking too much. My sheets are soaking wet when I wake up from nightmares of decaying corpses. I order another drink and swig it, trying to forget about the latest case I can ' t shake. Crime solving for me is more complex than the challenge of the hunt, or the process of piecing together a scientific puzzle. The thought of good people suffering drives me, for better or worse, to the point of obsession. People always ask how I am able to detach from the horrors of my work. Part of it is an innate capacity to compartmentalize; the rest is experience and exposure, and I ' ve had plenty of both. But I have always taken pride in the fact that I can keep my feelings locked up to get the job done. It ' s only been recently that it feels like all that suppressed darkness is beginning to seep out. When I look back at my long career, there is a lot I am proud of. I have caught some of the most notorious killers of the twenty-first century and brought justice and closure for their victims and families. I want to tell you about a lifetime solving these cold cases, from Laci Peterson to Jaycee Dugard to the Pittsburg homicides to, yes, my twenty-year-long hunt for the Golden State Killer. But a deeper question eats at me as I ask myself, at what cost? I have sacrificed relationships, joy—even fatherhood—because the pursuit of evil always came first. Did I make the right choice? It ' s something I grapple with every day. Yet as I stand in the spot where a young girl took her last breath, as I look into the eyes of her family, I know that, for me, there has never been a choice. " I don ' t know if I can solve your case, " I whisper. " But I promise I will do my best. " It is a promise I know I can keep.
