What does it take to change the world? This book will show you how to harness the power of CASCADES to create a revolutionary movement! If you could make a change!any change you wanted!what would it be? Would it be something in your organization or your industry? Maybe something it!s in your community or throughout society as a whole? Creating true change is never easy. Most startups don!t survive. Most community groups never get beyond small local actions. Even when a spark catches fire and protesters swarm the streets, it often seems to fizzle out almost as fast as it started. The status quo is, almost by definition, well entrenched and never gives up without a fight. In this groundbreaking book, one of today's top innovation experts delivers a guide for driving transformational change. To truly change the world or even just your little corner of it, you don!t need a charismatic leader or a catchy slogan. What you need is a cascade: small groups that are loosely connected but united by a common purpose. As individual entities, these groups may seem inconsequential, but when they synchronize their collective behavior as networks, they become immensely powerful. Through the power of cascades, a company can be made anew, an industry disrupted, or even an entire society reshaped. As Satell takes us through past and present movements, he explains exactly why and how some succeed while others fail.

How Cool Are Penguins is a book that will introduce young children to the world of penguins. It is written and illustrated in a fun and informative way that will entertain both the young and the young at heart.

De paashaas gaat op cadeautjestocht. Hij brengt overal lekkers naartoe: naar de aapjes in het oerwoud, de pinguins op de Zuidpool en een beertje in zijn grot. Kun jij alle eitjes en lekkernijen vinden? Groot zoekplatenboek met kleurrijke, gedetailleerde dwarsdoorsnedes waarin gezocht en geteld moeten worden. Vanaf ca. 4 jaar.

A witty and romantic novel of Regency love, family and appalling scandal, from a latter-day Jane Austen When their strait-laced, domineering father, Sir Clement Carnell, dies, Valentine throws open their Devonshire estate of Pennacombe to their fashionable cousins from London and Louisa feels free at last to reject the man Sir Clement wanted her to marry. Soon, the temptations of Regency London beckon, including the beautiful, scandalous, and very married Lady Harriet Eversholt, with whom Valentine becomes dangerously involved. Meanwhile, Louisa finds that freedom of choice is as daunting as it is exciting. Will the opportunity to indulge in a little folly lead to fulfillment!or disaster? A Little Folly is a novel to make Jane Austen proud and Georgette Heyer envious. An acclaimed author of historical fiction, Jude Morgan weaves together the very best of Regency era writing with "refreshingly original characters, an intriguing plot, and an elegantly ironic style." (RT Book Reviews on Indiscretion). In this exciting new novel, Morgan delivers a story that, yet again, will bring cheers from critics and readers alike.
