The MD2020 is fitted with freshwater cooling as standard. This reduces internal corrosion and enables the engine to maintain a consistent and optimal working temperature under all conditions. To avoid galvanic corrosion the engine is equipped with the unique electrical isolation between engine and transmission.

The serial number is a unique identifier for your product and is the key to efficient servicing and correct ordering of parts. It can be found on decals and/or plates on the product. However, the appearance and location may differ depending on model and year of manufacture. Refer to your operators manual to find the location of your serial number.
