is a type of question used in tests in education, workplace, and government. Most free response questions ask or require the test-taker to state a belief, opinion, or write a short essay and support it with facts, examples, or other evidence. However, few tests solely rely on these types of problems, and tend to work in conjunction with other types, such as multiple choice.

Multiple choice, objective response, or MCQ  
(for Multiple Choice Question) is a form of  
an objective assessment in which respondents  
are asked to select only correct answers from  
the choices offered as a list. The multiple  
choice format is most frequently used in  
educational testing, in market research, and  
in elections, when a person chooses between  
multiple candidates, parties, or policies.
