Origins. During the 19th century, large ensembles of wind and percussion instruments in the British and American traditions existed mainly in the form of the military band for ceremonial and festive occasions, and the works performed consisted mostly of marches. The only time wind bands were used in a concert setting comparable to that of a symphony orchestra was when

The Distins--John and his four
sons--helped foster a new market
for manufactured brass
instruments and published music,
primarily among the new and
more affluent working class
communities. In 1846 they
became the British agent for
Saxhorns--a short-term venture,
as they began manufacturing
their own instruments in 1850
after John's son Henry took over
the family firm in 1849.
