There are plentiful anecdotes and a lively pace, along with over 100 images.

A NEW YORK TIMES NOTABLE BOOK OF 2020 "An exemplary work of investigative journalism." —Parul Sehgal, The New York Times The murder of a Pakistani social media star exposes a culture divided between accelerating modernity and imposed traditional values—and the tragedy of those caught in the middle. In 2016, Pakistan ' s first social media celebrity, Qandeel Baloch, was murdered in a suspected honor killing. Her death quickly became a media sensation. It was both devastatingly routine and breathtakingly brutal, and in a new media landscape, it couldn ' t be ignored. Qandeel had courted attention and outrage with a talent for self-promotion that earned her comparisons to Kim Kardashian—and made her the constant victim of harassment and death threats. Social media and reality television exist uneasily alongside honor killings and forced marriages in a rapidly, if unevenly, modernizing Pakistan, and Qandeel Baloch ' s story became emblematic of the cultural divide. In this definitive and up-to-date account, Sanam Maher reconstructs the story of Qandeel ' s life and explores the depth and range of her legacy from her impoverished hometown rankled by her infamy, to the aspiring fashion models who follow her footsteps, to the Internet activists resisting the same vicious online misogyny she faced. Maher depicts a society at a crossroads, where women serve as an easy scapegoat for its anxieties and dislocations, and teases apart the intrigue and myth-making of the Qandeel Baloch story to restore the humanity of the woman at its center.

National Geographic photography captures the world's most remote, exotic places in this visually stunning travel book full of scenic wonders to experience. Highlighting 50 of Earth ' s most pristine, scenic locales, this beautiful book is illustrated with stunning images, coupled with accessible, engaging descriptions and practical travel information. The book covers everything from otherworldly, secluded valleys to far-flung, soaring mountain ranges. National Geographic photographers share some of their favorite shots from around the world and explain how they got them, and historical photos culled from National Geographic ' s hallowed image archive highlight old Society explorations in rugged, distant locations, and give a glimpse into the bygone days of these exotic places.

After centuries of British rule, nobody expected Indian Independence and the birth of Pakistan to be so bloody - they were supposed to be the answer to the dreams of Muslims and Hindus. Jawaharlal Nehru, Gandhi's prot é g é and the political leader of India, believed Indians were an inherently nonviolent, peaceful people. Pakistan's founder, Mohammad Ali Jinnah, was a secular lawyer, not a firebrand. But in August 1946, exactly a year before Independence, Calcutta erupted in street-gang fighting. A cycle of riots - targeting Hindus, then Muslims, then Sikhs - spiraled out of control. As the summer of 1947 approached, all three groups were heavily armed and on edge, and the British rushed to leave. Hell let loose. Trains carried Muslims west and Hindus east to their slaughter. Some of the most brutal and widespread ethnic cleansing in modern history erupted on both sides of the new border, carving a gulf between India and Pakistan that remains a root cause of many evils. From jihadi terrorism to nuclear proliferation, the searing tale told in Midnight's Furies explains all too many of the headlines we read today.

A follow-up to The Natashas is a critical indictment of the men who solicit sex services from unwilling prostitutes, in an expos é that identifies the customers and organizations that foster and drive the sex trade throughout the world.
