Russian Nobel prize–winner Aleksandr Solzhenitsyn (1918–2008) is widely acknowledged as one of the most important figures—and perhaps the most important writer—of the last century. To celebrate the centenary of his birth, the first English translation of his memoir of the West, *Between Two Millstones, Book 1*, is being published. Fast-paced, absorbing, and as compelling as the earlier installments of his memoir *The Oak and the Calf* (1975), *Between Two Millstones* begins on February 13, 1974, when Solzhenitsyn found himself forcibly expelled to Frankfurt, West Germany, as a result of the publication in the West of *The Gulag Archipelago*. Solzhenitsyn moved to

Zurich, Switzerland, for a time and was considered the most famous man in the world, hounded by journalists and reporters. During this period, he found himself untethered and unable to work while he tried to acclimate to his new surroundings. Between Two Millstones contains vivid descriptions of Solzhenitsyn's journeys to various European countries and North American locales, where he and his wife Natalia (" Alya ") searched for a location to settle their young family. There are fascinating descriptions of one-on-one meetings with prominent individuals, detailed accounts of public speeches such as the 1978 Harvard University commencement, comments on his television appearances, accounts of his struggles with unscrupulous publishers and agents who

mishandled the Western editions of his books, and the KGB disinformation efforts to besmirch his name. There are also passages on Solzhenitsyn's family and their property in Cavendish, Vermont, whose forested hillsides and harsh winters evoked his Russian homeland, and where he could finally work undisturbed on his ten-volume dramatized history of the Russian Revolution, *The Red Wheel*. Stories include the efforts made to assure a proper education for the writer's three sons, their desire to return one day to their home in Russia, and descriptions of his extraordinary wife, editor, literary advisor, and director of the Russian Social Fund, Alya, who successfully arranged, at great peril to herself and to her family, to smuggle Solzhenitsyn's invaluable archive out

In the year 2034, Theo Quderian, a French physicist, made an amusing but impractical discovery: the means to use a one-way, fixed-focus time warp that opened into a place in the Rhone River valley during the idyllic Pliocene Epoch, six million years ago. But, as time went on, a certain usefulness developed. The misfits and mavericks of the future—many of them brilliant people—began to seek this exit door to a mysterious past. In 2110, a particularly strange and interesting group was preparing to make the journey—a starship captain, a girl athlete, a paleontologist, a woman priest, and others who had reason to flee the technological perfection of twenty-second-century life. Thus begins this dazzling fantasy

novel that invites comparisons with the work of J.R.R. Tolkien, Arthur C. Clarke, and Ursula Le Quin. It opens up a whole world of wonder, not in far-flung galaxies but in our own distant past on Earth—a world that will captivate not only science-fiction and fantasy fans but also those who enjoy literate thrillers. The group that passes through the time-portal finds an unforeseen strangeness on the other side. Far from being uninhabited, Pliocene Europe is the home of two warring races from another planet. There is the knightly race of the Tanu—handsome, arrogant, and possessing vast powers of psychokinesis and telepathy. And there is the outcast race of Firvulag—dwarfish, malevolent, and gifted with their own supernormal skills. Taken captive by

the Tanu and transported through the primordial European landscape, the humans manage to break free, join in an uneasy alliance with the forest-dwelling Firvulag, and, finally, launch an attack against the Tanu city of light on the banks of a river that, eons later, would be called the Rhine. Myth and legend, wit and violence, speculative science and breathtaking imagination mingle in this romantic fantasy, which is the first volume in a series about the exile world. The sequel, titled *The Golden Torc*, will follow soon.
