Photography Books **Photography A Critical Introduction Liz**

Photography: A Critical Introduction was the first introductory textbook to examine key debates in photographic theory and place them in their social and political contexts, and is now established as one of the leading textbooks in its field. Written especially for students in higher education and for introductory college courses, this fully revised edition provides a coherent introduction to the nature of photographic seeing.

Photography: A Critical Introduction: Amazon.co.uk: Wells ...

This seminal text for photography students identifies key debates in photographic theory, stimulates discussion and evaluation of the critical use of photographic images and ways of seeing. This new edition retains the thematic structure and text features of its predecessors but also expands coverage on photojournalism, digital imaging techniques, race and colonialism.

Editions of Photography: A Critical Introduction by Liz Wells

Surveying the spectrum of photography from the mid-nineteenth century to the present, Photography: A Critical Introduction is the first book to examine key debates in photographic theory and place them in their proper social and political contexts. While most histories of photography invariably focus on the works of the "great photographers," this book is written especially to provide a coherent introduction to the nature of photographic seeing and its personal and cultural significance ...
