Gradually replacing 2nd ed., published 1982-

The 4rd Edition of The Comprehensive Guide to Economic Damages, edited by Nancy J. Fannon and Jonathan Dunitz, Esq., provides a deep and rich resource for financial experts and attorneys seeking guidance on damage calculations. The Guide focuses on financial evidence: how to gather it, interpret it, and tell its story in a lawsuit or litigation setting. Blending the financial expert's knowledge of accepted methods and procedures with the attorney's knowledge of legal issues and insights, it provides in-depth analysis and interpretation of the continually expanding body of case law. Key highlights of the new edition include: -Updated and expanded chapters covering all aspects of calculating lost profits / loss of business value -An insightful and comprehensive look at the unjust enrichment remedy -Substantive new materials on forensic accounting -A new chapter covering business interruption -Expanded coverage of benefit of the bargain damages -Expanded insights into intellectual property damages, including patents, trademarks and copyright -New and enhanced abstracts of many of the lost profit and damage cases found throughout the book Ensure that you have the most up-to-date thinking on damages by adding The Comprehensive Guide to Lost Profits and Other Commercial Damages to your business library today!

The deliciously interesting cookbook combines recipes from the Nielsen family collection as well as recipes from chef friends attracted to Nielsen-Masseys quality vanilla extract. Contains a delightful collection of bakery and pastry recipes and teaches how vanilla can be essential in a savory dish.

Skype for Business Unleashed This is the most comprehensive, realistic, and useful guide to Skype for Business Server 2015, Microsoft ' s most powerful unified communications system. Four leading Microsoft unified communications consultants share in-the-trenches guidance for planning, integration, migration, deployment, administration, and more. The authors thoroughly introduce Skype for Business 2015 ' s components and capabilities, as well as changes and improvements associated with the integration of popular Skype consumer technologies. You ' ll find detailed coverage of IP voice, instant messaging, conferencing, and collaboration; and expert guidance on server roles, multi-platform clients, security, and troubleshooting. Reflecting their unsurpassed experience, the authors illuminate Microsoft ' s new cloud-based and hybrid cloud architectures for unified communications, showing how these impact networking, security, and Active Directory. They cover SDN for unified communications; interoperation with consumer Skype and legacy video conferencing; quality optimization, mobile improvements, and much more. Throughout, the authors combine theory, step-by-step configuration instructions, and best practices from real enterprise environments. Simply put, you ' ll learn what works—and how it ' s done. Detailed Information on How

To · Plan deployments, from simple to highly complex · Deploy Skype for Business Server 2015 as a cloud or cloud-hybrid solution · Walk step by step through installation or an in-place upgrade · Overcome “ gotchas ” in migrating from Lync Server 2010 or 2013 · Leverage new features available only in cloud or cloud-hybrid environments · Implement and manage Mac, mobile, Windows, browser, and virtualized clients · Establish server roles, including front end, edge, and mediation server · Make the most of Skype for Business Server 2015 ' s enhanced mobile experience · Manage external dependencies: network requirements, dependent services, and security infrastructure · Efficiently administer Skype for Business Server 2015 · Provide for high availability and disaster recovery · Integrate voice, telephony, and video, step by step · Avoid common mistakes, and discover expert solutions and workarounds Category: Business Applications Covers: Skype for Business User Level: Intermediate—Advanced

¿ Immerse students in the world of intellectual property law and provide essential perspectives to practice in this area.¿ The Fifth Edition of Loren & Miller¿s Intellectual Property Law continues to provide engaging and challenging coverage of all the major types of intellectual property law: trade secret, patent, copyright, and trademark law. Covering cases and developments through Spring 2017, the book includes all the latest Supreme Court cases that are vital to a survey course, including *Star Athletica v. Varsity Brands* (as a principal case) and contextualized discussion of *Matal v. Tam* and *Impression Products v. Lexmark International*. Each chapter has been fully revised, with changes¿some small, some more extensive¿that optimize clear presentation of tightly edited cases and concise notes and questions.¿ The book kicks off with an introduction that explores the basic policies animating i.p. law and concludes with two overarching chapters¿one on i.p. limits (preemption and first sale), and one on remedies (to redress past harm and prevent future harm). This book will both guide student analysis and challenge students to make vital connections within and across doctrines and policies.

Ask Dr. Mueller captures the glamour and grittiness of Cookie Mueller's life and times. Here are previously unpublished stories - wacky as they are enlightening - along with favorites from *Walking Through Clear Water in a Pool Painted Black* and other publications. Also the best of Cookie's art columns from *Details* magazine, and the funniest of her advice columns from the *East Village Eye*, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. This collection is as much an autobiography as it is a map of downtown New York in the early '80s - that moment before *Bright Lights, Big City*, before the art world exploded, before New York changed into a yuppie metropolis, while it still had a glimmer of bohemian life.

Is foreign direct investment good for development? Moving beyond the findings of his previous book *Does Foreign Direct Investment Promote Development?* (CGD and IIE, 2005), Theodore H. Moran presents surprisingly good--and startlingly bad--news. The good news highlights how foreign direct investment can make a contribution to development significantly more powerful and more varied than conventional measurements indicate. The bad news reveals that foreign direct investment can also distort host economies and polities with consequences substantially more adverse than critics and cynics have imagined. This book rigorously examines the principal controversies and debates about FDI in manufacturing and assembly, extractive industries, and infrastructure, in light of new evidence and analysis. Written in engaging prose, it identifies how developed and developing countries, multilateral lending agencies, and civil society can work in concert to harness foreign direct investment to promote the growth and welfare of developing countries.

A bracing blend of foundational principles and core doctrines. - Immerse students in the world of intellectual property law and provide essential perspectives to practice in this area. - The Sixth Edition of Loren & Miller's Intellectual Property Law continues to provide engaging and challenging coverage of all the major types of intellectual property law: trade secret, patent, copyright, and trademark law. Covering cases and developments through Spring 2018, the book continues optimize clear presentation of tightly edited cases and concise notes and questions. - The book kicks off with an introduction that explores the basic policies animating i.p. law and concludes with two overarching chapters-one on i.p. limits (preemption and first sale), and one on remedies (to redress past harm and prevent future harm). This book will both guide student analysis and challenge students to make vital connections within and across doctrines and policies.
