them. Foods that are...

## *Probiotics and Prebiotics: What's the Difference?*

Foods with prebiotics. Popular sources for prebiotics include foods like apples, onions, and tomatoes. The problem is that some prebiotic-rich foods cause harm as well as good, thanks to antinutrients described in The Bulletproof Diet roadmap - mold, lectins, high sugar, and other garbage that makes you foggy and fatigued.. Alternatively, you could get prebiotics in Bulletproof-approved ...

## *Why Prebiotics Are More Important Than Probiotics for Your Gut*

Bananas. Seaweed. As a general rule, most fruits, vegetables, beans, and whole grains are decent sources of prebiotic fiber. By consuming a diverse mix of these foods every day, there's a good chance you'll be providing your gut bacteria with everything they need.
