# Read Online Psychological Testing Anastasi

Review: "Psychological Testing" by Anne Anastasi. The field of testing has grown so rapidly that most contemporary books on psychological testing are either extensive and superficial, or intensive and incomplete. Anastasi's new college text achieves a nice compromise between these extremes. This is not a compendium of present-day tests, each briefly described and briefly criticised.

Review of "Psychological Testing" by Anne Anastasi

According to Anastasi and Urbina, psychological tests involve observations made on a "carefully chosen sample [emphasis authors] of an individual's behavior." A psychological test is often designed to measure unobserved constructs, also

Psychological Testing (7th Edition) by Anne Anastasi ...

Anastasi and Urbina's Psychological Testing is arguably the worst-written book I have ever had the displeasure of reading. The book is rife with arcane jargon that the authors never bother to define. This is a textbook, and, by definition, textbooks are supposed to explain their subject matter, not treat the reader as if he or she already knows it.
