In 1993, Scott McCloud tore down the wall between high and low culture with the acclaimed international hit *Understanding Comics*, a massive comic book that explored the inner workings of the world's most misunderstood art form. Now, McCloud takes comics to the next level, charting twelve different revolutions in how comics are created, read, and perceived today, and how they're poised to conquer the new millennium. Part One of this fascinating and in-depth book includes: The life of comics as an art form and as literature The battle for creators' rights Reinventing the business of comics The volatile and shifting public perceptions of comics Sexual and ethnic representation on comics Then in Part Two, McCloud

anything he can imagine with his bare hands. But now that he only has 200 days to live, deciding what to create is harder than he thought, and discovering the love of his life at the 11th hour isn't making it any easier! This is a story of desire taken to the edge of reason and beyond; of the frantic, clumsy dance steps of young love; and a gorgeous, street-level portrait of the world's greatest city. It's about the small, warm, human moments of everyday life...and the great surging forces that lie just under the surface. Scott McCloud wrote the book on how comics work; now he vaults into great fiction with a breathtaking, funny, and unforgettable new work.

techniques, sharing concise and accessible guidelines on such principles as capturing the human condition through words and images in a minimalist style.

Scott McCloud tore down the wall between high and low culture in 1993 with *Understanding Comics*, a massive comic book about comics, linking the medium to such diverse fields as media theory, movie criticism, and web design. In *Reinventing Comics*, McCloud took this to the next level, charting twelve different revolutions in how comics are generated, read, and perceived today. Now, in *Making Comics*, McCloud focuses his analysis on the art form itself, exploring the creation of comics, from the broadest principles to the sharpest details (like how to accentuate a character's facial muscles in order to form the emotion of disgust rather than the emotion of

surprise.) And he does all of it in his inimitable voice and through his cartoon stand – in narrator, mixing dry humor and legitimate instruction. McCloud shows his reader how to master the human condition through word and image in a brilliantly minimalistic way. Comic book devotees as well as the most uninitiated will marvel at this journey into a once – underappreciated art form.

A practical guide for beginner and advanced comic book writers that outlines the steps needed to successfully craft a story for sequential art. With this latest book in the SCAD Creative Essentials series from the esteemed Savannah College of Art and Design, comics writer and instructor Mark Kneece gives aspiring comic book writers the essential tools they need to write scripts for sequential art with confidence and success. He provides a practical
