Poet, actor, playwright, surrealist, drug addict, asylum inmate—Antonin Artaud (1896–1949) is one of the twentieth century's most enigmatic personalities and idiosyncratic thinkers. In this biography, David A. Shafer takes readers on a voyage through Artaud's life, which he spent amid the company of France's most influential cultural figures, even as he stood apart from them. Shafer casts Artaud as a person with tenacious values. Even though Artaud was born in the material comfort of a bourgeois family from Marseille, he uncompromisingly rejected bourgeois values and norms. Becoming famous as an actor, director, and author, he would use his position to challenge contemporary assumptions about the superiority of the West, the function of speech, the purpose of culture, and the individual's agency over his or her body. In this way—as Shafer points out—Artaud embodied the revolutionary spirit of France. And as Shafer shows, although Artaud was immensely productive, he struggled profoundly with his creative process, hindered by narcotics addiction, increasing paranoia, and an overwhelming sense of alienation. Situating Artaud's contributions within the frenzy of his life and that of the twentieth century at large, this book is a compelling and fresh biography that pays tribute to its subject's lasting cultural reverberations.

Black Acting Methods seeks to offer alternatives to the Euro-American performance styles that many actors find themselves working with. A wealth of contributions from directors, scholars and actor trainers address afrocentric processes and aesthetics, and interviews with key figures in Black American theatre illuminate their methods. This ground-breaking collection is an essential resource for teachers, students, actors and directors seeking to reclaim, reaffirm or even redefine the role and contributions of Black culture in theatre arts. "

King Lear is arguably the most complex and demanding play in the whole of Shakespeare. Once thought impossible to stage, today it is performed with increasing frequency, both in Britain and America. It has been staged more often in the last fifty years than in the previous 350 years of its performance history, its bleak message clearly chiming in with the growing harshness, cruelty and violence of the modern world. Performing King Lear offers a very different and practical perspective from most studies of the play, being centred firmly on the reality of creation and performance. The book is based on Jonathan Croll's unique interviews with twenty of the most distinguished actors to have undertaken this daunting role during the last forty years, including Donald Sinden, Tim Pigott-Smith, Timothy West, Julian Glover, Oliver Ford Davies, Derek Jacobi, Christopher Plummer, Michael Pennington, Brian Cox and Simon Russell Beale. He has also talked to two dozen leading directors who have staged the play in London, Stratford and elsewhere. Among them are Nicholas Hytner, David Hare, Kenneth Branagh, Adrian Noble, Deborah Warner, Jonathan Miller and Dominic Dromgoole. Each reveals in precise and absorbing detail how they have dealt with the formidable challenge of interpreting and staging Shakespeare's great tragedy.
