"On the basis of a
superficial inspection,
Traditions &
Encounters might
look similar to several
other textbooks that

Traditions &

the historical

societies in Asia,
Europe, Africa, the
Americas, and

Traditions &

from other works in

two particularly 6th

it relies on a pair of

bring a global

individual societies in

all world regions, and

it also focuses

interactions between peoples of different societies. Second, it organizes the human past into seven eras that represent distinct and coherent periods of global historical development"--Preface (Page xvi).
