Europe ... **Anthony Giddens**

This is the basis of his approach in *Turbulent and Mighty Continent*, an appeal and normative prescription for the nations constituting the European Union to form something like the United States of Europe, melding into a more integrated economic and political force rather than giving pride of place to national autonomy.

Continent: What ...

A "United States of Europe", Winston Churchill proposed in 1946, could "as if by a miracle transform" that "turbulent and mighty continent". "In this way only", he continued, "will hundreds of millions of toilers be able to regain the simple joys and hopes which make life worth living". Today, nearly seventy years later, over 500
